How to add your company logo to the MBA WPA Online Store

Welcome to the MBA WPA Online Store!

URL: <https://mbawpa.aeconlinestore.com>

You can access the MBA WPA Online Store using any web browser.

We will need your approved company logo along with any branding guidelines you have that support your business. Your logo will be added to the MBA Online Store Logo Selector and will be listed alphabetically.

- Your logo may need to be edited so it can be properly embroidered. We will provide examples of your logo for both embroidery, t-Shirts and safety gear for your review and approval. Once approved, this will be the standard for all decoration of both embroidered and sublimated or hard good products.
- Very small taglines can generally not be embroidered because you will lose precision of the letters.
- All approved logos will be digitized by AEC at no cost to each MBA member.
- The color of thread will be adjusted based on the color of garment selected. Generally dark thread is used on lighter garments and lighter colored thread is used on darker garments.
- Often thread color is selected to match manufacturer's logo, ie. Nike, North Face, Columbia, etc.

Select A Logo

Your product selection is available to have any of the below listed logos applied to it.

Please select a logo from the list, and press the "submit" button to add it to your item. The logo information will be added for you to the Additional information section of the product.

The objective of the MBA WPA Online Store is to promote to its members and provide a very high quality branding in our community.
